SAFETY DATA SHEET
SUPERIOR NO. 99-20
DATE REVISED: January 1, 2018

SECTION 1 -- IDENTIFICATION
Product Name/Part number: Superior No. 99-20
Recommended use: Mildly Activated Rosin Flux, Type RMA
Manufacturer: Superior Flux & Mfg. Co.
6615 Parkland Blvd
Cleveland OH, 44139
Emergency Contact: CHEMTREC
Emergency Phone: 1-800-424-9300
For other info: (440) 349-3000

SECTION 2 – HAZARD(S) IDENTIFICATION
Classification of the substance or mixture
GHS Classification in accordance with OSHA HCS (29 CFR 1910)
- Flammable liquid (Category 2) H225
- Acute toxicity, Oral Category 4) H302
- Aspiration hazard (Category 2) H305
- Acute toxicity, Dermal (Category 3) H311
- Eye irritation (Category 2B) H320
- Acute toxicity, Inhalation (Category 4) H332
- Germ cell mutagenicity (Category 1) H340
- Carcinogenicity (Category 1) H350
- Specific target organ toxicity – Single exposure (Category 1) H370

See below for full text of H-Statement
GHS Label Elements, including precautionary statements
Pictogram(s):

Signal Word: Danger
Hazard Statement(s)
H225 Highly flammable liquid and vapor
H302 Harmful if swallowed
H305 May be harmful if swallowed and enters airways
H311 Toxic in contact with skin
H320 Causes eye irritation
H332 Harmful if inhaled
H340 May cause genetic defects
H350 May cause cancer
H370 Causes damage to organs

Precautionary statement(s)
P210 Keep away from heat, sparks, open flames, and hot surfaces. No smoking.
P233 Keep container tightly closed
P240 Ground or bond container and receiving equipment
P241 Use explosion-proof electrical, ventilating, lighting, and equipment
P242 Use only non-sparking tools
P243 Take precautionary measures against static discharge
Avoid breathing fumes, mists, vapors, or spray
Wash hands and any exposed skin thoroughly after handling
Do not eat, drink, or smoke when using this product
Use only outdoors or in a well-ventilated area
Wear protective gloves, protective clothing, and eye/face protection
IF SWALLOWED: Immediately call a POISON CENTER or doctor
IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If exposed or concerned: Get medical advice or attention.
Do NOT induce vomiting.
In case of fire: Use dry sand, dry chemical or alcohol-resistant foam for extinction
Store in a well ventilated place. Keep cool
Store locked up
Dispose of contents and/or container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.
Hazards not otherwise classified or not covered by GHS: None

SECTION 3 – COMPOSITION INFORMATION

Unlisted percentages are non-hazardous stabilizers, and water.

SECTION 4 – FIRST AID MEASURES

Description of first aid measures

General advice: Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

Inhalation: If breathed in, move to fresh air. If not breathing, give artificial respiration. Consult a physician.

Eyes: Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

Skin: Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water. Consult a physician.

Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

Most Important Symptoms and effects, both acute and delayed
The most important known symptoms and effects are described in section 2 (labeling)  
**Medical Conditions Generally Aggravated by Exposure:** Any weakness of the lungs, kidneys or liver will be aggravated.  

**SECTION 5 – FIREFIGHTING MEASURES**  
**Suitable Extinguishing Media:** Use dry chemical, carbon dioxide, or alcohol-resistant foam  
**Special Hazards:** Flammable. Vapors may form explosive mixtures with air. Vapors may travel to source of ignition and flash back. Containers may explode when heated. Do not mix with strong oxidizing or dehydrating agents. Do not mix with strong oxidizing or dehydrating agents. Do not store in presence of oxidizing agents.  
**Special protective actions for firefighters:** Wear protective clothing, including NIOSH-approved self-contained breathing apparatus  

**SECTION 6 - ACCIDENTAL RELEASE MEASURES**  
**Personal Precautions and Equipment and emergency procedures:** Use personal protective equipment. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. See section 8 for personal protection.  
**Environmental Precautions:** Prevent further leakage or spillage if safe to do so.  
**In Case Material is spilled:** Contain spillage, absorb with sawdust and place in container for disposal according to local regulations.  

**SECTION 7 - HANDLING AND STORAGE**  
**Precautions for safe handling:** Avoid inhalation of vapor or mist. Keep tightly closed in a cool and well-ventilated place.  
**General Precautions:** Do not eat, drink, or smoke while using this product. Wash hands after use. Remove contaminated clothing and protective equipment before entering eating areas.  
*For full precaution statements see Section 2*  
**Storage Requirements:** Keep container tightly closed in a cool and well-ventilated area. Keep away from heat, open flame, electrical sparks, or oxidizing agents.  

**SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION**  
**CONTROL PARAMETERS**  
**OSHA Permissible Exposure Limit (PEL):** 200 ppm  
**ACGIH Threshold Limit Value (TLV):** 200 ppm  
**Engineering Controls:** Use local exhaust ventilation to maintain air concentrations of vapors and fumes below occupational exposure standards.  
**Special Engineering Control Needs:** Explosion proof and non-sparking electrical equipment  
**Respiratory Protection:** Where risk assessment shows air-purifying respirators are appropriate, use a respirator with multi-purpose combination (USA) or ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face respirator. Use respirators and components tested an approved under appropriate government standards such as NIOSH (USA) or CEN (EU).
**Protective Gloves:** Handle with gloves. (Nitrile Rubber recommended) Gloves must be inspected prior to use. Use proper glove removal techniques (without touching glove’s outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good lab practices. Wash and dry hands after handling.

**Eye Protection:** Use tightly fitting safety goggles. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (USA) or EN 166 (EU)

**Body Protection:** Complete suit protecting against chemical, flame retardant protective clothing.

The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace

If used in solution, or mixed with other substances, and under conditions which differ from EN 374, contact the supplier of the CE approved gloves. This recommendation is advisory only and must be evaluated by an industrial hygienist and safety officer familiar with the specific situation of anticipated use by our customers. It should not be construed as offering an approval for any specific use scenario.

SECTION 10 - STABILITY AND REACTIVITY
Reactivity: No data available
Stability: Product is stable under recommended storage conditions
Possibility of hazardous reactions: No data available
Conditions to Avoid: Heat, sparks, and open flames
Incompatibility: Strong oxidizers
Hazardous Decomposition Products Carbon monoxide (CO), carbon dioxide (CO₂)
In the event of fire: See Section 5

SECTION 11 - TOXICOLOGICAL INFORMATION
Likely Route(s) of Exposure: Inhalation, ingestion, skin and eye contact
Symptoms (Immediate and Chronic) from
Acute Exposure No data available
Prolonged or Repeated Exposure No data available
Measure(s) of toxicity No data available
IARC: No component of this product is present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
NTP: No component of this product is present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
OSHA: No component of this product is present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA

SECTION 12 - ECOLOGICAL INFORMATION
Toxicity
No data available
Persistence and degradability
No data available
Bioaccumulative potential No data available
Mobility in soil No data available
Other adverse effects No data available

SECTION 13 - DISPOSAL CONSIDERATIONS
Waste treatment methods
Product Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material.
Contaminated packaging Dispose of as unused product.
SECTION 14- TRANSPORTATION
D.O.T. (USA)
Proper Shipping Name: Flammable Liquid, NOS (Contains Isopropanol and Mineral Spirits)
Identification Number: UN1993
Hazard Class(es): 3
Packing Group: II
D.O.T. Label Req. Info: Flammable Liquid

Ground USA: (1-gallon and smaller)
Classified as ORM-D. Refer to USA CFR 49 Regulations.
Recommended Shipper be trained and certified.

SECTION 15 - REGULATORY INFORMATION
SARA 302 Components No Chemicals in this material are subject to the reporting requirement of SARA Title III, Section 302.
SARA 311/312 Hazards Acute Health Hazard, Flammable

California Prop. 65 Components
This product contains methanol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

THIS PRODUCT IS ROHS 3 COMPLIANT

SECTION 16 - OTHER INFORMATION

Further information: Judgments as to the suitability of information herein or the purchaser's purposes are necessarily the purchaser's responsibility. The above information does not represent any guarantee of the properties of the product. It is believed to be correct, but does not purport to be all inclusive and should be used only as a guide. Reasonable care has been taken in the preparation of this material, and is based on the present state of our knowledge.

Superior Flux & Mfg. Co. shall not be held liable for any damage resulting from handling or from contact with the above product. There are NO WARRANTIES, NO REPRESENTATIONS AND NO RESPONSIBILITY AS TO THE ACCURACY OR THE SUITABILITY OF THIS INFORMATION FOR ANY PURCHASER'S USE OR FOR ANY CONSEQUENCE TO USE.
