SAFETY DATA SHEET
SUPERIOR AFCW Sn99.3/Cu0.7
DATE REVISED: April 13, 2020

SECTION 1 – IDENTIFICATION
Product Name/Part number: Superior AFCW Sn99.3/Cu0.7
Recommended use: Tin-Copper Aluminum Flux Cored Soldering Wire
Manufacturer: Superior Flux & Mfg. Co.
Emergency Contact: CHEMTREC
6615 Parkland Blvd
Emergency Phone: 1-800-424-9300
Cleveland OH, 44139
For other info: (440) 349-3000

SECTION 2 – HAZARD(S) IDENTIFICATION
Classification of the substance or mixture
GHS Classification in accordance with OSHA HCS (29 CFR 1910)
- Corrosive to metals (Category 1) H290
- Skin corrosion (Category 1B) H314
- Skin sensitization (Category 1) H317
- Serious eye damage (Category 1) H318
- Acute oral toxicity (Category 3) H335
- Reproductive toxicity (Category 1B) H360
- Acute aquatic toxicity (Category 1) H400
- Chronic aquatic toxicity (Category 1) H410

GHS Label Elements, including precautionary statements
Pictogram(s):

Signal Word: Danger
Hazard Statement(s)
- H290 May be corrosive to metals
- H314 Causes severe skin burns and eye damage
- **H317 May cause an allergic skin reaction
- H318 Causes serious eye damage
- H335 May cause respiratory irritation
- H360 May damage fertility or the unborn child
- **H400 Very toxic to aquatic life
- H410 Very toxic to aquatic life with long lasting effects

**May be omitted from label due to presence of stricter or more specific hazard statement.

Precautionary statement(s)
P261 Avoid breathing fumes, gas, mist, vapours, or spray
P264 Wash skin thoroughly after handling
P270 Do not eat, drink or smoke when using this product.
P271 Use only outdoors or in a well-ventilated area.
P272 Contaminated work clothing should not be allowed out of the workplace
P273 Avoid release to the environment
P280 Wear protective gloves, protective clothing and face protection
P301+P330+P331  IF SWALLOWED: Rinse mouth. Do NOT induce vomiting
P303+P361+P353  IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower
P304+P340+P310  IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER or doctor.
P305+P351+P338+P310  IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor.
P308+P313  If exposed or concerned: Get medical advice
P333+P313  If skin irritation or rash occurs: Get medical advice/attention
P363  Wash contaminated clothing before reuse
P391  Collect spillage
P403  Store in a well-ventilated place.
P405  Store locked up
P501  Dispose of contents and/or container to an approved waste disposal plant.

**Hazards not otherwise classified or not covered by GHS:** None

**SECTION 3 – COMPOSITION INFORMATION**

**SECTION 4 – FIRST AID MEASURES**

**Description of first aid measures**

**General advice:** Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

**Inhalation:** Remove to fresh air. If not breathing, give artificial respiration or oxygen by trained personnel. Seek immediate medical attention.

**Eyes:** Flush with water for at least 15 minutes to remove irritant. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention if irritation persists.

**Skin:** Remove contaminated clothing. Wash affected area with soap and water. Wash clothing before reuse. If irritation persists, obtain medical attention.

**Ingestion:** If patient is conscious, ONLY induce vomiting as directed by trained personnel. NEVER give anything by mouth to an unconscious person. Seek medical attention immediately.
SECTION 5 – FIREFIGHTING MEASURES

Suitable Extinguishing Media: Use extinguishers appropriate for the surrounding fire conditions.

Advice for firefighters: Use NIOSH/MSHA – approved self-contained breathing apparatus and full protective clothing if involved in fire.

Further information **DO NOT USE WATER ON MOLTEN METAL. LARGE FIRES MAY BE FLOODED WITH WATER FROM A DISTANCE.**

SECTION 6 - ACCIDENTAL RELEASE MEASURES

Personal Precautions and Equipment and emergency procedures: Use personal protective equipment. Ensure adequate ventilation. Evacuate personnel to safe areas.

See section 8 for personal protection.

Methods and materials for containment and cleaning up Contain spill. If molten, cool to allow metal to solidify. If a solid metal, wear gloves, pick up and return to process.

Dispose of alloy following all Federal, State, and local regulations. In the EU refer to the Special Waste Regulations. Metal may have reclaim value.

For disposal, see section 13.

SECTION 7 - HANDLING AND STORAGE

Precautions for safe handling: Further processing of solid materials may result in the formation of combustible dusts. The potential for combustible dust formation should be taken into consideration before additional processing occurs. Only dry metals should be added to molten bath. If working with molten metals, or exposed to fume or dust, use appropriate personal protective equipment.

!!! **WET OR MOIST INGOT(S) WILL PRESENT AN EXPLOSION HAZARD WHEN SUBMERGED IN MOLTEN SOLDER. AVOID FIRE/EXPLOSION RISKS – ALWAYS PREHEAT INGOT BEFORE CHARGING INTO FURNACE. !!!**

For precautions, see section 2.

Conditions for safe storage, including any incompatibilities Store product in a cool, dry area away from incompatible materials.

For full precaution statements see Section 2

SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

OSHA Permissible Exposure Limit (PEL): 1 mg/m³

ACGIH Threshold Limit Value (TLV): 1 mg/m³

General Precautions: Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of the workday.

Engineering Controls: Use local exhaust ventilation to maintain air concentrations of dust, vapors and fumes below occupational exposure standards.

Respiratory Protection: Where risk assessment shows air-purifying respirators are appropriate, use an authority approved or compliant marked air-purifying respirator with a fume/dust chemical cartridge is recommended under circumstances where airborne concentrations are expected to be elevated. Use respirators and components tested an approved under appropriate government standards such as NIOSH (USA) or CEN (EU).

Protective Gloves: Handle with leather or vinyl gloves
**Eye Protection:** Chemical safety glasses or goggles, and face shield with molten metal. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (USA) or EN 166 (EU)

**Body Protection:** Impervious clothing and leather or vinyl gloves. Heat resistant gloves if handling hot metal. Safety boots. Personal protective equipment is recommended when working with molten metal to avoid burns.

**Control of environmental exposure:** Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

If used in solution, or mixed with other substances, and under conditions which differ from EN 374, contact the supplier of the CE approved gloves. This recommendation is advisory only and must be evaluated by an industrial hygienist and safety officer familiar with the specific situation of anticipated use by our customers. It should not be construed as offering an approval for any specific use scenario.

SECTION 10 - STABILITY AND REACTIVITY

Reactivity: No data available
Stability: Product is stable under recommended storage conditions
Possibility of hazardous reactions: No data available
Conditions to Avoid: Excessive heat, exposure to moisture
Incompatible Material: Avoid contact with mineral acids.
Hazardous Decomposition Products Harmful metal oxide fumes may form at elevated temperatures.
In the event of fire: See Section 5

SECTION 11 - TOXICOLOGICAL INFORMATION

Carcinogenicity
National Toxicity Program (NTP): No
Occupational Safety & Health Administration (OSHA): No
U.N. International Agency for Research on Cancer (IARC): No
LD50: Not established  LC50: Not established
Other: None

SECTION 12 - ECOLOGICAL INFORMATION

Toxicity No data available
Persistence and degradability No data available
Bioaccumulative potential No data available
Mobility in soil No data available
Other adverse effects Avoid release to environment
An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

SECTION 13 - DISPOSAL CONSIDERATIONS

Waste treatment methods
Product Scrap metal alloy usually has value. Contact a commercial reclaimer for recycling. Otherwise, dispose of in accordance with all Federal, State, and Local environmental regulations. In Europe follow the Special Waste Regulations. Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material.
Metal may have reclaim value.
Contaminated packaging Dispose of as unused product.

SECTION 14 - TRANSPORTATION

D.O.T. (USA) Not regulated
SECTION 15 - REGULATORY INFORMATION

SARA 302 Components  No Chemicals in this material are subject to the reporting requirement of SARA Title III, Section 302.

SARA 313 Components  No chemicals in this material are subject to the reporting requirement of SARA Title III, Section 313.

SARA 311/312 Hazards  Hazardous to the environment, Acute health hazard

California Prop. 65 Components  This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

SECTION 16 - OTHER INFORMATION

Further information:
Judgments as to the suitability of information herein or the purchaser's purposes are necessarily the purchaser's responsibility. The above information does not represent any guarantee of the properties of the product. It is believed to be correct, but does not purport to be all inclusive and should be used only as a guide. Reasonable care has been taken in the preparation of this material, and is based on the present state of our knowledge.

Superior Flux & Mfg. Co. shall not be held liable for any damage resulting from handling or from contact with the above product. There are NO WARRANTIES, NO REPRESENTATIONS AND NO RESPONSIBILITY AS TO THE ACCURACY OR THE SUITABILITY OF THIS INFORMATION FOR ANY PURCHASER'S USE OR FOR ANY CONSEQUENCE TO USE.
